

Multnomah County ARES WEEKLY NET SCRIPT (19SEP2016)

Good evening. This is (*callsign and first name*) net control for this session of the Multnomah County ARES net. This net meets every Wednesday at 7:00 P.M. on this repeater. If any station has emergency, priority or health and welfare traffic, please come now with your callsign.

Stations may break the net at any time for emergency traffic by using the proword "break."

We will take check-ins alphabetically by callsign suffix. Stations are asked to check in with their callsign in ITU phonetics and first name and team. We will begin rollcall with Multnomah County ARES members followed by check-ins from anyone else who would like to join our net. After roll call, we will take any routine traffic, followed by announcements, questions, contacts and other business for the net.

Multnomah ARES members with callsign suffixes beginning Alpha through Echo

(Acknowledge each person by call sign and sort out doubles. You may need to ask if there are any more check-ins in each group)

Callsign suffixes Foxtrot through Lima

Mike through Tango

Uniform through Zulu

Any late or missed Multnomah County ARES members, come now.

This is (*Callsign*) for the Multnomah County ARES net. We will now take check-ins from everyone else who would like to join us. If you are affiliated with any other emergency response group including other ARES groups and Portland NETs, please say so when you check in. Any other check-ins, come now.

(Acknowledge each person by call sign and sort out doubles)

Multnomah County ARES meets the fourth Thursday of every month at 7:00 pm at Portland Fire and Rescue Training Center at 4800 NE 122nd Avenue, just north of Sandy Blvd. We encourage new hams and anyone interested in emergency communications to come to our meetings. You can find out more about us by visiting our website at multnomahares.org.

Does anyone have any routine traffic?

Have station list traffic. Ask for a volunteer to take the traffic. Have the volunteer call the station with the traffic)

Are there any announcements, contacts, or other business for the net?

Are there any more late check-ins or business?

This is (*callsign*) closing this evening's session of the Multnomah County Amateur Radio Emergency Service net. Thanks to all stations who participated and to those who stood by to give us a clear operating frequency. The W7LT repeater is owned and operated by the Portland Amateur Radio Club and permission for its use is greatly appreciated by Multnomah County ARES. This net will meet again next week at 7:00 P.M. local time. This repeater is now returned to general amateur use. Have a safe week. This is (*callsign and name*) signing the net clear at (*local time*).
